Dear Families and School Community,

I hope you all had a very enjoyable holiday. The weather was certainly very unpleasant and I know I couldn’t get the gardening done that I wanted to.

Unfortunately Ms McManus has had her sick leave extended for another month. We send her our best wishes and hope she is fit and well enough to return then.

This term will be a very busy term. The grade 5 and 6s have the lightning premiership on the 1st August and parent teacher interviews, the school concert and athletic sports will be at the end of the term.

**Parent Opinion Surveys.**

This year’s parent opinion surveys have arrived. A random list of parent names is computer generated to send these surveys to. As stated in previous newsletters these surveys are very important and the data from these are used for school reviews and future planning for the school. To have a true reflection of parents’ opinions we need a 100% return of these surveys. If you are lucky enough to receive a survey please ensure you take the time to complete it and return it to school as your opinion is valued and it represents the whole school community. In past years we have had less than 70% return and without a 100% return it may not provide the correct information.

**Religious Education Permission Forms.**

There have been changes made to the regulations on how religious education is to be provided in schools. The students in grades 1/2/3 were given new permission forms that needed to be fill in and returned by the end of last term. We are still waiting on a number of forms to be returned. Please return them by Monday 21st July so that we can begin this term’s program.

**School Council.**

There is a school council meeting next week. The main agenda items will be the Priority Review and reviewing some of our policies.

**Lost property.**

Please ensure all jumpers are named as there are a lot of unnamed jumpers in lost property at the moment. Iron on name tags are available at the school office.

The Arts Term 3.
This term all grades will be working on creating 3 dimensional art forms. Foundation children will learn paper skills such as curling, fringing, rolling and will use them as decorative features on their work. Grade 1/2/3 children will also be using 3 D paper effects to create their pieces and will learn about the work of artist Louise Nevelson. In grade 4/5/6 children will be looking at the art of Van Gogh and the works of a variety of sculptural artists.

During music we will be doing lots of rhythm work but our main focus will be on preparing and rehearsing items for our school concert in September.
